

Merrick Farms Opens New Cow-Year With Simmental Sale Sept. 2

Ardmore, Okla.—Merrick Farms near here will start off the new cow-year that begins in September with a top French-American Simmental cattle offering during the Labor Day weekend with a sale at the ranch beginning at 6:30 p.m., Saturday, Sept. 2.

One-hundred selected Simmentals, including the Simmental cow that set the world record for embryo transfers and several of her top calves; Polled Simmentals, full-blood Simmentals, purebred Simmentals and two Simbrah females will be featured in the offering. The sale will include one 31/32 polled Simmental which is an outstanding foundation sire prospect; and five young full-blood Simmental sires from Merrick's breeding program.

Castile 156, the cow that set the embryo transfer world record, two 31/32 females, five full-blood females from the heart of the Merrick herd bred to the leading sires in the breed, 10 young full-blood heifers bred to leading Simmental sires, and 20 open full-blood heifers, the cream of last year's crop that are ready to breed and 20 head purebred 15/16 and 7/8 females ready to breed afford other breeders an opportunity to enhance their herds from one of the leading breeding programs in the Simmental breed. They will also be 20 open purebred 7/8 heifers ready to breed, and 10 bred three-quarter females bred to top Simmental sires.

Sale headquarters in the Holiday Inn in Ardmore. Brochures and catalogs are available by writing: Merrick Farms, P. O. Box 998, Ardmore, Oklahoma 73401, phone 406/223-1801.

Tom Lockwood Buys Hall-Nance Herefords To Begin New Herd

Groesbeck, Texas.—Tom Lockwood, owner of Pleasant Grove Hereford Ranch at Groesbeck east of Waco, is just getting started in the Registered Hereford breeding business, but his foundation herd is long-experienced and widely known in the business.

In December 1977, Lockwood started in the Hereford business with 63 brood cows purchased from Hall-Nance Hereford Ranch as Haset, one of the reputation herds in the nation. Lockwood was so favorably impressed with the Hall-Nance cows that he has since gone back and bought 80 more. He also purchased from Hall-Nance NR BX Design B, an own son of RC Mischief DL and Hall-Nance's top plus herd leader, SR M Real 142. Lockwood also has in service in his herd RBP 142 Advance 8241, a grandson of HHA Advance 4040.

Lockwood has 20 yearling bulls sent to complete a 140-day gain test, plus some heavy club calf prospects for sale now.

For more information contact Tom Lockwood, Pleasant Grove Hereford Ranch, P. O. Box 12, Groesbeck, Texas 76645, phone 817/375-5323.

Excessive Regulations Hike Consumer, Industry Expense

82nd Year, No. 38 Fort Worth, Texas, September 7, 1978 Thirty-Two Pages

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

We are sure you recall the old fable about the boy who kept the village in an uproar by running down into town yelling "Wolf" and finally his false alarms were ignored. Then one day the wolf was really after him and when he hollered, nobody paid him no never mind and he was left to his pangs. Today we have much the same situation. We get boys & girls yelling "wolf" all over the place and trying to spread panic to promote their pet peeves or aberrations and since Jimmy Carter loaded the Government's regulatory agencies with these doom and gloom advocates of nonsense about the only perfect solution to have is Congress.

There is no doubt that the one thing the Bureaucrats fear is Congress, since Congress has the power and ability to hawke and hobble 'em any time they set their minds to it. There is reasonable doubt that Carter fully (CONT. ON PAGE 21)

Farm Bureau Asks Big Corn Reduction

The board of directors of American Farm Bureau Federation has called on Secretary of Agriculture Bob Bergland to make a September announcement on the provisions of the 1979 program for feed grains.

The board said the goal of the 1979 program should be a crop of 6.5 (CONT. ON PAGE 2)

Next 'Top Dollar' Sale Scheduled Sept. 28 At Fort Worth Stockyards

The fifth special "Top Dollar" show and sale in the 1978 series at Fort Worth Stockyards will be Thursday, Sept. 28.

This is the 26th year of the special stocker and feeder show and sale at the yards, which were opened in 1893. Herefords, Angus and crossbred calves and yearlings are shown and sold separately and bulls may be shown and sold with steers. Judging of show cattle starts at 7:30 a.m. and trophy and ribbon winners start selling at 8:30 p.m.

This year's other sale dates are Oct. 26 and Nov. 16. Cattle may be consigned to any of the seven commission firms operating on the yards. They are Carson Commission Co., 817/624-3191; (CONT. ON PAGE 16)

Replacement Cattle, Calves Posted Higher Prices During Past Week's Trading

St. Joseph, Sept. 1 (USDA) — National feeder cattle receipts this week 278,500, compared with 202,900 last week and 269,000 a year ago. Substantially increased feeder numbers met with a broad demand this week and prices worked higher.

In the mountain and far west states numbers sold reflected a marked increase as some of the bargaining finally came to a close. Calves continued in relatively light supply and generally few markets had enough to adequately test prices. (CONT. ON PAGE 24)

Meat Board Elects New Officers

Des Moines — Maris Tyler, a rancher from Bismarck, N. D., was elected unanimously Chairman of the National Live Stock and Meat Board Aug. 28. The election took place at the Business Session which closed the four-day Meat Board Annual Meeting here.

Richard Welding, Sioux City, Iowa, was elected to succeed Mrs. Tyler as Vice Chairman. Welding is Secretary of the Sioux City Livestock Exchange. Directors of the Meat Board elected Virgil Rosendale of Augusta, Ill., to succeed Welding as Treasurer. Both were elected unanimously.

Livestock, Money Symposium Will Explore Needless Interference in Market Place, Other Vital Issues at Lubbock Sept. 22

Lubbock — Is it possible that 8 cents a pound, or 8 to 11 percent, of the retail price of ground beef is directly attributable to the impact of 200 legal statutes, 41,000 regulations and 111,000 precedent-setting court cases on production and distribution of this meat?

An organization called the Consumer Alert Council (CAC) says the figures come from a National Science Foundation study, and CAC Chairman Barbara Keating is scheduled to talk about such government regulation when she addresses the Livestock and Money Symposium at Texas Tech University Sept. 22. The symposium is sponsored by the Texas Tech College of Agricultural Sciences and six livestock and ranching related organizations, the American Quarter Horse, National Cattlemen's Association, National Ranching Heritage, Texas and Southwestern Cattle Raisers, Texas Cattle Feeders and Texas Sheep and Goat Raisers associations.

Keating has said that CAC's intention is to press for reduced governmental involvement in the marketplace, when such involvement needlessly burdens the buying public and the business community with unnecessary costs, and to support government regulations when they are essential to the health, welfare or safety of Americans. Farm Bureau Asks Big Corn Reduction

(CONT. FROM PAGE 1) bushels of corn, a reduction from the estimated record 6.5 billion bushels in 1978. This action, said the board, should have the immediate effect of improving the current depressed corn prices.

A 5.5 billion bushel corn crop and estimated 1979 carry-over of 1.3 billion bushels will be more than ample to meet domestic consumption and export requirements, the board said. In calling for a 5.5 billion bushel crop next year, the board said the secretary should also announce per-acre performance payments to set aside acreage to assure grower participation in the program.

In asking the secretary to make the announcement in September, the board said that farmers cannot wait for the mandated November 1 deadline under the 1977 Food and Agriculture Act to know what the 1978 program will provide. Some farmers begin land preparation for next year's crop immediately after harvest.

MONTGOMERY MARSHALL 576
MONTGOMERY MARSHALL 576

100 BRED AND OPEN HEIFERS — Including every replacement female that was scheduled for the foundation herd. Straight Montgomery Marshall/Earl Marshall breeding at its best!

These bulls will sell Thursday afternoon, September 14 at 12:30 p.m.

110 SERVICEABLE AGE BULLS — Ready for immediate service. All with top weaning weights and performance, and have the capability of weighing over a ton at maturity.

This promises to be the history-making sale of the breed, with herd bulls weighing up to 2500 pounds, and many cows from 1300 to 1500 pounds.

Strictly the big type Angus with every animal selling bred in the Montgomery herd and backed with 7 to 8 generations of Montgomery Marshall breeding!

The foundation of the Montgomery Bros. Montgomery Marshall Herd will represent many years of intensive Earl Marshall breeding, with nearly every animal sired by the best of G.L.S., the foundation sire of the Montgomery Marshalls — a bull that in his prime weighed 2200 pounds.

This, by all means, promises to be a sale that will feature some of the greatest herd bulls and foundation females that have ever been offered by any Angus breeder — popular at the performance shows and with commercial men, and the kind that can win at the great shows!

TEXAS HEREFORD NEWS

Nov. 1 Deadline For Commercial Hereford Heifer Sale Jan. 28

Nov. 1 is deadline for entries to the Texas Hereford Association-sponsored Commercial Hereford Heifer Show and Sale to be held Jan. 28, 1978 in Fort Worth at the Southwestern Exposition and Stock Show.

The heifers will be sold in pens of twenty, bred and open. Bred heifers carry the service of registered Hereford bulls or bulls of other breeds. Heifers will compete for \$5,000 in premium monies. The 8th annual sale was held in January of 1978 making a total of \$3,893,000. The sale exceeded \$2,000,000. The 8,000 bred heifers that have sold in the nine events have averaged \$375 while the 2,200 open heifers made a \$293 average.

Consignors must be members of the Texas Hereford Association and can join at the time they enter cattle in the event. Class 1 heifers must be culled after Sept. 1, 1977 and Class 2 heifers must be culled between Sept. 1, 1977 and Aug. 31, 1977.

Cattle must be in their pens not later than 8 a.m., Saturday, Jan. 27. All cattle will be sold by classes and placed by judges at 8 a.m. Sunday, Jan. 28. All cattle will be sold as commercial cattle. However, cattle with papers, or subject to registration, can be sold without mention of papers. Exhibitors are discouraged from any fitting and grooming practices at the show.

Pen and stall fees are \$10 per head. This fee includes Stock Show pen fee and all sale costs. No refunds after entries close Nov. 1, 1978. All females entered in this sale must meet regulations of the Texas Animal Health Commission and must be accompanied by an official health certificate. Entries close Nov. 1 and should be made to the Texas Hereford Association, 1345 Winthrop Ave., Suite 107, Fort Worth, Tex. 76116. Phone 817/732-7797.

Texas Select Hereford Bull Sale Jan. 28

"One of the best sets of Hereford bulls put together for one sale will be offered in our Jan. 28, 1978, Texas Select Bull Sale," said Jack Chastain, Secretary-Manager of the Texas Hereford Association recently.

Chastain has just returned from a tour with the selection committee to inspect the bulls nominated for the Select Bull Sale. The selection committee was composed of Chastain; Palmer Willis, Odessa, President of the Texas Hereford Association; James Grote, manager of Granite Hills Hereford Ranch at Llano and Sales Committee chairman; and Tom Copeland, manager of the Double U Hereford Ranch at Post.

Members of the committee said they were well impressed with the quality of the bulls nominated and that they saw bulls they would be happy to own personally. The bulls were assigned by breeders throughout the state representing top Hereford bloodlines from well-known Hereford breeding establishments.

The sale is sponsored by the Texas Hereford Association and will be held in Fort Worth on Sunday, Jan. 28, immediately following the Association's annual Commercial Hereford Heifer Sale. Chastain said that as soon as consignors to the sale are notified of their acceptance, names will be announced.

The sale bulls will be penned along with the show cattle during the Fort Worth Show for inspection. The sale bulls will be penned along with the show cattle during the Fort Worth Show for inspection.

Gulf Coast Hereford Assn. Bull Sale Is Scheduled Oct. 17

The Gulf Coast Hereford Association will hold its 25th Annual Fall Sale on Tuesday, October 17, 1978, at the American Legion Park in Columbus, Texas. Fifteen members of the Association have consigned 54 registered Hereford bulls to the sale. Fifty-two are horned, and the other two are polled bulls. On the day of the sale, these bulls will range from 19 months to 4 1/2 years in age. Three were culled in March 1977; five in January and February 1977; thirty-eight Senior Bull Yearlings culled from September through December 1976; six two-year-olds culled between March 1st and August 31, 1976; one culled in December 1975 and one culled in April 1974.

The bulls are clean pedigreed, and are acclimated to Gulf Coast conditions. They will be tested for brucellosis and TB to meet health requirements to move into any territory. They will sell as single lots and in pens of two and three.

Dr. Larry L. Boleman of Bryan will judge the bulls for the sales order beginning at 9:00 a.m. on October 17th. The auctioneers are Walter and Dick Brillon of Bryan, who will start the sale at 1:00 p.m.

The 15 Association members consigning the bulls are: Ricky Britten, Bryan; Dr. L. J. Clark, Bellville; Conn Haven Hereford Ranch, Brenham; Chas. Herder, Jr., Weimar; R. T. Herder, Houston; Carl & Clay Hornmann, Caldwell; Roy H. Herrmann, Caldwell; J. R. B. Farms, Richmond; J. D. Hereford Farm, Burton; R. S. Matson, Schulenburg; Miller Creek Farms, Industry; Rocking M Ranch, Giddings; Rocking S Ranch, Burton; Wren Herefords, Lexington; Yearling Herefords, announced.

The sale bulls will be penned along with the show cattle during the Fort Worth Show for inspection.

Lake Creek Hereford Sets 2 Day Dispersion For October 5 and 6

Whitcomb Falls, Texas—The Complete Dispersion of Tom B. Medders & Son Lake Creek Ranch Hereford herd is set for October 5 and 6, 1978. The sale will be held at the ranch located 8 miles south of Whitcomb Falls on Highway 281.

Selling will be 200 cows with 181 calves, 76 bred heifers, 2 herd bulls, and 100 herd bull prospects and range bulls. A special feature of the offering will be the sale of 3/4 interest and full possession of Lake Creek Mischief (formerly RC Mischief K192), a massive 2,400 pound, five-year-old son of RC Mischief D4. Many of the young females in the Lake Creek Hereford herd were sired by this bull, and his get and service will be featured throughout the sale.

The 100 herd bull prospects and range bulls will sell October 6. These are big, rugged, uniform bulls that would normally sell in the Lake Creek fall production sale.

McGuirk Hereford Dispersion Sept. 11 & 12, Claremore, Ok.

Claremore, Okla. — McGuirk Hereford Ranch will hold a complete cowherd dispersion on Sept. 11 and 12 at the ranch located eight miles east of Claremore on State Highway 20, then one mile south.

Selling will be 300 lots including 165 pairs with fall and spring calves at side; 75 bred heifers; 21 open heifers, 50 coming 2-year-old bulls and six herd bulls. The McGuirk Hereford feature 07 Tiberius breeding.

Owner LeRoy McGuirk said, "After a long and timely search for a line of cattle that could change and improve the body type and performance of our cattle, we settled on Tiberius. One of the many strong points of the 07 Tiberius is the line-breeding program used for a number of years by R. K. Field, making the Tiberius one of the most genetically potent lines of cattle available today. The Tiberius also have exceptionally large frame size which is ideal in the current trend for greater body type scores."

McGuirk quotes Dr. T. D. Rich, Beef Cattle Specialist at Oklahoma State University, as saying, "After looking at McGuirk Hereford Ranch's program, the Tiberius cattle have made as much change in body type in one cross, as any other line of Hereford cattle."

Featured in the sale are 07 Tiberius 45, 07 Tiberius 556, 07 Tiberius 454, 07 Tiberius 817, plus five other 07 Tiberius bulls.

For further information contact McGuirk Hereford Ranch, LeRoy McGuirk, Claremore, Okla. 74017, phone 918/841-6307.

HEREFORDS MARCHING WITH TIME
Established 1969
Bloodlines: Colo Chieftain, Michiel, Prince Domino
Sires: MLK Tex Eagle D49, Colo Chieftain Dom 9, MLK Tex Britisher 89.

He is Lot No. 111 at the 1977 Western Stockmen's All Breed Bull Sale at Famosa, California. He was voted by cattlemen in attendance the ideal range bull over some 300 other bulls representing 13 breeds. This is the second year in a row that a horned Hereford was voted this honor.

Over 100,000 registered Herefords like him will sell this year. And for good reasons.

Fertility: A strong Hereford breed asset that insures a high rate of conception.

Dependability: Research proves Hereford bulls increase calf crop percentages.

Performance: Backed by the world's largest and most complete performance testing program.

Availability: Ranchers buy more Hereford bulls at auction each year than the next two breeds combined.

All things considered...HEREFORD

CAC objectives have had backing from such public figures as Arthur Godfrey, well-known entertainer and environmentalist; Richard Simpson, former chairman of the U.S. Consumer Product Safety Commission; author Taylor Caldwell; and William Simon, former U.S. Secretary of the Treasury and first administrator of the Federal Energy Office.

"The American consumer today is the victim of government policy

right to free choice in the market place in the name of public health and safety," Keating said.

"However, preserving freedom of choice in the marketplace and protecting the public health and safety are not incompatible. Protecting birth rights are equal responsibilities of government."

The CAC approach to public issues having pocketbook impacts on the consumer is the voice of reason, she said.

Registration for the symposium,

will precede an evening Prairie Party when the National Golden Spur Award will be presented for the first time to an individual for contributions to the livestock and ranching industry. This year's award will go to Albert K. Mitchell of the Tennessee Ranch in Albert, N. M. Sponsors of the award are also among symposium sponsors.

Other symposium speakers will include: Gene Edwards, chairman of the board, First National Bank, Amer-

illo; William "Bill" Farr, Farr Food-lots, Greeley, Colo.; Everett Harris, long-time president of the Chicago Mercantile Exchange; and Robert Jensen, head, Department of Nutrition, University of Connecticut.

Preregistration checks should be sent to the Ranching Heritage Association, the Museum of Texas Tech University, Lubbock, Texas 79409. Symposium sessions will be held at The Museum.

If Ralco's Suppli-mix could save you 12 to 15% on your feed bills would you listen?

Like thousands of other cattlemen, Waldo Haythorn did:

"I've fed Suppli-mix for two years free choice to 6,000 head of cattle. We've cut our winter protein costs from \$45,000 to \$20,000. Also, I've been able to increase the cattle per section of pasture by 15%. To test Ralco Suppli-mix I split herds, one on it, one not. The Ralco herd had calves 40 lbs. heavier at 8 months, and the cows and heifers were much healthier."

Joyce to Manage Houston Area Sale

Houston — John Joyce, World Sales, Wharton, was selected by the Houston Area Brahman Breeders Association (HABBA) to manage their Second Annual Sale.

The sale will be held February 19, 1979 at the Round-up Rodeo Arena in Simonton, Texas. In addition to the close proximity to Houston, the arena is fully enclosed, temperature controlled and has complete restaurant facilities.

Nominations for the sale should be sent with a \$15.00 nomination fee to John Joyce, World Sales, Route 2, Box 292, Wharton, Texas 77748, by October 26, 1978.

Selling will be a highly select group of replacement heifers, commercial bulls and herd bulls — approximately 75 head in all. The sale is being held in conjunction with the world famous Houston Livestock Show and Rodeo.

The show kicks off a full week of Brahman activities including the American Brahman Breeders Association National Show and Sale, the ABBA board of directors meeting and the 58th Annual Membership Meeting.

Evergreen Mills To Sponsor Texas 4-H Rabbit Show

College Station — Evergreen Mills, Inc. of Ada, Okla., will sponsor the 1978 State 4-H Rabbit Show in Crane, Oct. 13-14. Announcement of the sponsorship was made by H. T. Davidson, executive director of the Texas 4-H Foundation and 4-H Specialist for the Texas Agricultural Extension Service. Davidson said the show provides 4-H members with rabbit projects an opportunity to exhibit at the state level as well as to participate in educational training activities to learn more about rabbit production.

The State 4-H Rabbit Show is open to all members between the ages of 12 and 18 who are members of the American Rabbit Breeders Association. The classes include single rabbit, pair, doe, meat classes and breeding stock.

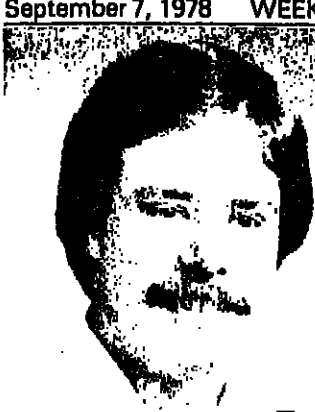

Corn, Sorghum Prices Under Pressure

College Station — Good corn and sorghum prospects, both in the U.S. and abroad, will keep crop prices low but coming months. The association of specialists with the Texas Agricultural Extension Service, Southwestern abundant feedgrain (corn and sorghum) crops over much of the U.S. to drought conditions. "However, the west where feedgrains are two or three weeks late. An early frost could hit crops severely and have a less effect on prices."

According to U. S. Department of Agriculture forecasts, the national crop is pegged at a whopping 6.6 billion bushels while the sorghum crop should reach 712 million bushels. Both corn and sorghum crops will be down in Texas, however, due to poor water.

The State 4-H Rabbit Show is open to all members between the ages of 12 and 18 who are members of the American Rabbit Breeders Association. The classes include single rabbit, pair, doe, meat classes and breeding stock.

New Office Manager For SGBI Selected

Kingsville — Santa Gertrudis Breeders International is pleased to announce the addition of J. Forest Pickett as Office Manager. With more than five years' experience in finance, accounting, and credit operations, coupled with a sincere interest in agriculture, Pickett is a welcome addition to the staff of the cattle breeders association.

His duties with SGBI will include coordinating the entire office staff in the areas of accounting, budget control, computer operations, and personnel, as well as working with the breeders of Santa Gertrudis cattle in registration and related paperwork procedures.

Formerly with Melroe Photocolor Corporation, Dallas, Texas, Pickett's responsibilities included all functions of credit and problem solving in the five nationwide offices, as well as supervision and training of the credit department staff; he was also heavily involved with Melroe's computer operations.

AJQHA Scholarship Guidelines Revised

A number of important changes have been made in the American Junior Quarter Horse Association Scholarship Program to encourage a greater number of individuals to apply for scholarships in the future, announces the American Junior Quarter Horse Association, Amarillo.

Among the changes is a revision in the guidelines for demonstration of financial need. Beginning in 1978, there will no longer be an absolute family income ceiling or a requirement that a certain number of children be enrolled in school. However, income will remain a critical factor in assessing scholarship applicants.

In addition, under the new guidelines, individuals already enrolled in college will be eligible to apply for scholarships as long as they have not reached their 21st birthday at the time their first application is considered by the selection committee. This policy enables those who were unable to qualify for a scholarship based on their high school records to demonstrate their ability at the college level and to qualify at that time.

Another important change is the establishment of a policy allowing scholarship recipients to apply for renewals of their grants. This provision makes it possible for an individual to receive financial assistance throughout his or her undergraduate program.

Also, beginning in 1978, a limited number of "scholarships at large" will be awarded on the same basis as the regular scholarships, with one exception. Scholarships at large will be awarded without regard to financial need of the applicant. This will allow a certain number of individuals to receive scholarships based solely on their accomplishments.

Applications, which must be received by March 1, 1979, are available for those wishing to apply by writing AJQHA Scholarships, c/o American Junior Quarter Horse Association, Amarillo, Texas 79168.

1978 State Hay Show Announced

Austin — Although hay production has been down in Texas this year due to dry conditions, there is still time to make good quality hay if rains come. With the 1978 State Hay Show looming ahead, producers should give special attention to harvesting top quality hay and should plan to enter the competition.

This year's State Hay Show is set for Nov. 4 at the Municipal Livestock Coliseum in Austin and provides an opportunity for all producers to try for top honors in various classes of hay.

Classes include: 45.00-49.50 including some hellefores 48.00, two loads commercial to choice 1000-1050 lb. cows and hellefores 46.00. Feeder steers 800. Mixed good and choice 800-885 lbs., off growing rations 83.25-88.50 current delivery.

Following prices included all costs incurred on delivered basis to Arizona feedlots from out of state — mixed good and choice 850-400 lbs. 71.00-76.00.

WE HAVE BEEN LEARNING THE BRAHMAN BUSINESS SINCE WE PURCHASED OUR FIRST REGISTERED ANIMAL IN 1947, AND WE'RE STILL LEARNING. HOWEVER, THE FIRST LESSON WE LEARNED WAS TO SATISFY THE PEOPLE THAT BUY ONE FROM US. IF THE PEOPLE THAT USE M RANCH CATTLE ARE SATISFIED, THEN WE FEEL OUR SECOND GOAL OF BEING ONE OF THE BEST HERDS IN THE BUSINESS IS NOT FAR OFF. OUR CATTLE ARE FULLY GUARANTEED BECAUSE THEY REPRESENT THE PEOPLE AT M RANCH. THAT'S THE WAY WE DO THINGS AROUND HERE.

East Texas Fair Scheduled Sept. 25-30

Tyler — Attention of cattlemen in East Texas will be focused on Tyler Sept. 25-30 when over 1,000 head of prize-winning beef and dairy breeding animals will be shown in competition for \$20,000 in premium money, Fair Manager Bob Murdoch reports.

The lineup this year, Santa Gertrudis and Simmental cattle, Murdoch said. Other shows include Brahman, Brangus, Charolais, and both horned and polled Herefords. Bill Brady of Winona is general livestock superintendent. Open shows run Sept. 26 and 27.

Over 600 dairy and beef breeding animals will be exhibited on Sept. 28 and 30 in shows sponsored by the East Texas Farm and Ranch club, for 4-H and FFA youths.

Dr. J. T. Pinkerton, DVM, president of the club, said that the club members will contribute \$6,000 to the premium fund for the Junior shows for 4-H and FFA exhibitors. The club also sponsors an opening day "Howdy, Neighbor" barbecue honoring visiting livestock exhibitors.

Entertainment highlights, in addition to the Bill Hames Shows carnival, will be an old-time vaudeville show each night in air-conditioned Harvey Hall. Professional clowns will roam the grounds with their balloon giveaways, magic and trained dog acts, and each night on the outdoor stage various school bands will perform, two each evening. Special features include the famed L.G. Zoo from Hot Springs National Park and the Zoological Feeding Zoo from Odessa. Last year attendance exceeded 141,000, Murdoch said, with perfect weather.

Judging Schedule and Judges: Charolais, Monday, Sept. 25, 2:00 p.m., Larry Bolaman, Bryan. Horned Hereford, Monday, Sept. 25, 7:00 p.m., Doyle Ponder, Hamlin. Brangus, Tuesday, Sept. 26, 2:30 p.m., Bobby Scroggins, Thorndale. Simmental, Tuesday, Sept. 26, 5:00 p.m., Randall Grooms, Overton. Polled Hereford, Tuesday, Sept. 26, 7:00 p.m., Randall Grooms, Overton. Santa Gertrudis, Wednesday, Sept. 27, 9:00 a.m., Joe Dial, Pinedale.

NORTHERN OKLAHOMA SIMMENTAL ASSOCIATION RECENTLY ORGANIZED

Sunday, July 16, 1978, a small nucleus of Simmental breeders residing north of Interstate 40 H. W. met in the shade of a cattle barn at the Payne County Fairgrounds and organized the Northern Oklahoma Simmental Association. Bill McGowan was elected President; Jack Kelsey, Waynoka, Vice President; and Merv Deason, Edmond, Secretary-Treasurer.

It was decided to have a sale Oct. 21 at the Garfield County Fairgrounds in Enid and sell 30 heifers, 50 steers and 30 bulls. The heifers and steers purchased will be eligible to show and compete for over \$3,000 in premiums. Merv Deason was selected to inspect, inspect, and screen all sale entries. Other events such as field day, educational meetings, and tours were discussed and are planned in the future to help stimulate interest in the Simmental breed.

It was emphasized that the Northern Association was not organized to compete with the State Association, but to support it by getting more local participation in Simmental events. Also, more emphasis will be placed on educating the commercial cattle breeder of the advantages of Simmental cattle in a crossbreeding program. The kind Chamber of Commerce is wholeheartedly supporting the sale event and will sponsor a banquet to help stimulate interest in the Simmental breed.

Allen Angus Sets Dispersion Sept. 23 At Cleburne, Texas

Cleburne, Texas — Ed Allen and Don Allen, owners of Allen Angus Farm near here, will host the largest one-day Angus sale in the history of the breed in guaranteed dispersion and 100% liquidation of their Angus herd on Saturday, Sept. 23, beginning at 9 a.m. in the Johnson County Dairy Sales Barn, formerly the Cow Palace Sale Pavilion, near here.

Selling will be 600 head including three herd bulls, 10 performance tested, serviceable age bulls, 200 cows with calves at side, and 75 bred and open heifers. The sale will feature the get, service and sale of Windae Northern 114G, a straight Western Canadian bred son of "Great Northern" (CMS); Windae Skyscraper 49F, a straight Western Canadian bred son of the Regina Grand Champion, "Canadian Skyscraper," and Premier Emulous 6465, bred like the undefeated "Sayre Patriot."

Reason for the dispersion is that Ed Allen is advanced in years, and he decided to liquidate this select herd that he has so carefully bred and built over the past many decades, and the sale manager, Tom Burke of Smithville, Mo.

For a reference catalog address Tom Burke while Scheer, American Angus Hall of Fame, Smithville, Missouri 64089, phone 816/532-0811; or Allen Angus Farm, P. O. Box 323, Cleburne, Texas 76031, phone 817/645-7319.

Large Turnout For SEBBA Field Day

More than 150 Brangus enthusiasts gathered for the Southeastern Brangus Breeders Association field day, July 22, at the Circle S Ranch near Birmingham, Alabama. Hosts for this annual event were Doris and Bill Slappey, avid Brangus breeders and exhibitors.

Morning activities were kicked off with a guided tour of the ranch and inspection of show cattle. Visitors were also able to view two of the Slappey's leading herd sires.

After a buffet lunch, Larry Britt, a Birmingham veterinarian, spoke about the laws regulating Brucellosis control. Britt encouraged cattlemen to actively fight the spread of this disease.

Jud Estes and Jerry Smith, DVM, both of Allied Mills, followed with a talk on feeding and nutrition. They stressed the economical advantages of creep feeding calves for both the commercial and registered breeder giving data to support their viewpoint.

The third speaker of the day was Dr. Robert L. McGuire, an animal science professor at Auburn University. The school recently bought a herd of known Brucellosis carriers and is doing extensive research on these cattle. McGuire also discussed fitting and showing Brangus cattle and was aided by Bill Slappey, Jr.

Gene Thompson, McNeil, Miss. (left) talks with Gary Jordan, Lexington, Texas, following the afternoon program in which Thompson was one of the guest speakers. Thompson, who is president of Beefmaster Breeders Universal, had the packing industry as his topic.

Dr. Bill Turner (center) and Verlon Irwin were among the featured speakers for the field day. They are shown above with John Richter (left) of Leoti, Kansas. Dr. Turner was assistant general manager for Harrell Cattle Company, Gonzales, Texas, and Irwin is general manager for the Buffalo Feed Yard, Buffalo, Okla.

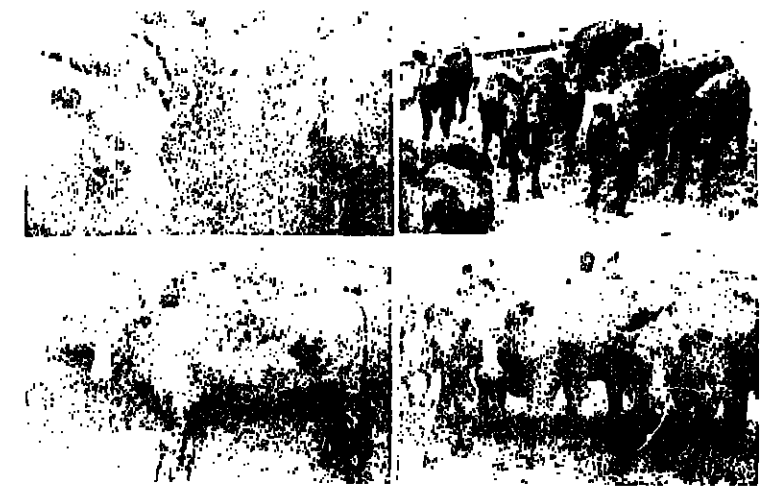

Beefmaster Field Day at Flying O

Bob Brass and Lemuel Herd of Flying O Beefmasters were co-hosts for a Beefmaster field day in Coldwater, Kansas, August 5. The field day, the first of its kind for the area, was sponsored by Beefmaster Breeders Universal.

A crowd of 175 viewed straight and crossbred cattle and studied the impact of using a Beefmaster sire. They also saw a classification presentation and demonstration by BRU executive vice-president, Gene Keykendall and director of field services Bubba Bain.

An afternoon session featured guest speakers Gene Thompson of McNeil, Miss., president of BRU, who spoke about the packing industry; Verlon Irwin, general manager of the Buffalo Feed Yard, Buffalo, Okla., who told the significance of Beefmaster and Brahman crosses in feed yards; and Dr. Bill Turner, assistant general manager of Harrell Cattle Co., whose topic was expectations of Brahman-cross and Beefmaster cattle in production.

Texas has 108,889 miles of natural gas pipelines; field and gathering, 12,698; transmission, 39,205; distribution, 64,976.

Angus champions in the special "Top Dollar" calf show and sale Aug. 31 at Fort Worth Stockyards are pictured above. House Ranch, Graham, consigned the 20 champion steers, top left, that weighed 485 and sold for \$89.40 to gross \$322.71 each on the 20 head. E. R. Hays, Commerce, had the 10 reserve steers, top right, that weighed 344 and sold for \$72.25 for \$248.64 per head. Texas has 10.9 billion barrels of oil reserves, 6.5 billion in crude oil, 2.4 billion from natural gas liquids.

Solid research proves, and packers confirm: Angus are the most profitable for feeding.

Do you have to feed your cattle too long to make the USDA Choice Grade?

Are you tired of being docked for over-fat, low-yielding steers?

Then switch to Angus. Research proves today's Angus and Angus crosses get out of the feedlot fast—with both the quality and yield grade you need for top prices.

Tests at the University of Wisconsin showed Angus grade Choice from 15 to 65 days sooner than other breeds—saving you feed time and labor.

Kansas State University proved Angus have a genetic advantage for marbling in less time, without putting on excessive outside fat as occurs in most other breeds. You get Choice grade plus high yield.

In a University of Illinois survey of 226 slaughter and processing plants, an amazing 65% reported that Angus, including crossbreds, provided the most useful and profitable product—the reason for market-topping prices.

And today's modern Angus and most Angus crossbreds are big enough to gain 3 lbs. a day and still finish at 1,100 lbs. or less. They're efficient converters of feed and economical to handle.

So why don't you feed Angus—for higher-quality and higher-yielding carcasses with less time in the feedlot—for more money?

Remember, research proves, "They're worth more if they're black!"

Pioneer Santa Gertrudis Breeders Assn. Sale Scheduled Oct. 5

Agua Dulce, Texas — The Pioneer Santa Gertrudis Breeders Association has scheduled Thursday, Oct. 5, as the date for their annual sale. The setting for this prestigious offering of high quality animals will be the historic Rancho La Puerta de Agua Dulce, located near Agua Dulce, Texas, which is owned by Mr. and Mrs. Belton Kleberg Johnson.

For many years this sale has been recognized as one in which only the extreme tops from the herds of Association members have been consigned and sold. According to B. K. Johnson, "The top breeders providing cattle for this sale do so with the full realization of the high standards of quality set by the founders of this Association. They are all dedicated to the improvement of Santa Gertrudis cattle and have committed themselves to selling the best sixty animals available, including herd bull prospects and replacement females."

The Pioneer Breeders consigning cattle are as follows:

Briggs Ranches, Chaparral, Rancho, Connally Ranches, El Colina Ranches, John Martin Ranches, La Paloma Ranch, Los Jabonillos Ranch, May Ranch, San Jose Cattle Company and Vesper Ranch.

Pioneer Santa Gertrudis Breeders Assn. Sale Scheduled Oct. 5

Agua Dulce, Texas — The Pioneer Santa Gertrudis Breeders Association has scheduled Thursday, Oct. 5, as the date for their annual sale. The setting for this prestigious offering of high quality animals will be the historic Rancho La Puerta de Agua Dulce, located near Agua Dulce, Texas, which is owned by Mr. and Mrs. Belton Kleberg Johnson.

For many years this sale has been recognized as one in which only the extreme tops from the herds of Association members have been consigned and sold. According to B. K. Johnson, "The top breeders providing cattle for this sale do so with the full realization of the high standards of quality set by the founders of this Association. They are all dedicated to the improvement of Santa Gertrudis cattle and have committed themselves to selling the best sixty animals available, including herd bull prospects and replacement females."

The Pioneer Breeders consigning cattle are as follows:

Briggs Ranches, Chaparral, Rancho, Connally Ranches, El Colina Ranches, John Martin Ranches, La Paloma Ranch, Los Jabonillos Ranch, May Ranch, San Jose Cattle Company and Vesper Ranch.
